Three sneak thieves blew into White River Junction last Sunday night and have been doing business in their line ever since. They worked the upper and lower terraces, taking whatever they could find either to eat or wear or articles that could be turned into money. Complaints began to come into the police department and Chief of Police P. J. O'Keefe immediately got busy and for four nights made every endeavor to land the thieves and, finally, on Wednesday night, disguised as a tramp, he gained the confidence of one of the gang, a negro, who disclosed the whole story of their operations. He was taken into custody by the chief, but the leader and the third member of the gang escaped. Surrounding towns have been notified to be on the lookout for them. Chief O'Keefe certainly deserves credit for riding the town of these thieves.

A great, big, grand and glorious time awaits all the "old-time residents" of Cabot all next week, beginning Sunday, the 10th, to and including Sunday, Aug. 17. It is going to be Old Home week and a real welcome and a hearty cheer are now being prepared, some of the ingredients of which will be found in the following program as arranged to date: Sunday, Aug. 10, 10:45 a. m., modern service, Methodist Episcopal church; speaker, Rev. E. L. Goddard; 3 p. m., service in church at lower village, speaker, Rev. M. W. Hale; 7 p. m., open-air service, Cabot, speaker, Rev. M. W. Hale; Tuesday, Aug. 12, 8 p. m., reception; patriotic tableaux; speaker, Rev. C. A. M. W. Hale; 3 p. m., service in church at lower village, Rev. E. L. Goddard; 7 p. m., open-air service, Cabot, Rev. E. L. Goddard. The above program is tentative, but the entertainment committee in charge promises to excel anything ever done on former occasions like this; so—"Shouldn't acquaintance be forgot, and never brought to mind," we haste to say—"That here's a hand, my trusty friend, and give's a hand o' thine." "When will we do see dees a hummin' all round de comb; When will we hear de banjo tummin' down in de good ole home." Why, all next week of course. Blow the trumpets, ring the bells, tell them far and near that the gate to the Old Home town is wide open, and the latestrating hangs on the outside of every log cabin. The pots are boiling and all the "mamies" are going to be togged out in their old gingham and white pinfores, and such a smile on their faces you never saw, just because they are all ready and waiting for next week to come. Even old "Jim" has seen to it that the barn doors are all swept and garnished, the horses all groomed, and a "nigger" could see his face in the brass on the door knobs. So come all you "young uns" from 40 and upwards, just as soon as you hear the first horn toot, for then we're off for the biggest, most gala time any "Punkin Center inhabitant" ever heard of.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force.

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, it is evident that the want of replacing ugly hollows and angles by the soft curved lines of health and beauty, there is a widespread feeling of men and women who keenly feel their excessive thinness. Thinness and weakness are often due to

starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is made of inorganic phosphate and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate should produce a welcome transformation in the appearance: the increase in weight frequently being astonishing.

Increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy, which nearly always accompany excessive thinness, should soon disappear, dull eyes ought to brighten, and pale cheeks glow with the bloom of perfect health. Miss Georgia Hamilton, who was once thin and frail, reporting her own experience, writes: "Bitro-Phosphate has brought about a marvellous transformation with me. I gained 15 pounds and never before felt so well."

CAUTION—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not be given to anyone who does not desire to put on flesh.
